Variables (snap, snap)  
Variables (snap, snap)  
Variables in my experiment  
Variables (snap, snap)

Let's look at independent  
I chose before the experiment  
The one I will manipulate  
It will be my cause

Variables (snap, snap)  
Variables (snap, snap)  
Variables in my experiment  
Variables (snap, snap)

Now look at the dependent  
It'll change after the experiment  
It's responsive and I can measure it  
It is my effect

Variables (snap, snap)  
Variables (snap, snap)  
Variables in my experiment  
Variables (snap, snap)

The constants are all the factors  
That remain the same throughout  
So you will never doubt  
Our experiment is fair

Variables (snap, snap)  
Variables (snap, snap)  
Variables in my experiment  
Variables (snap, snap)

**Additional instructions/melody/tempo etc.:** Sung to the tune of the Addams Family
